Door to Door waste Collection

Commercial waste Collection

Door to Door waste Collection at Households

Twin Dustbins distributed to commercial establishments

commercial wards awareness is being done

As the generation of C&D waste is negligible in the ULB jurisdiction, it can be recycled and reused by the owner themselves.

WATER BODY

1. Nepali Khal
2. Harijan Colony pond
3. NCB park pond
4. Sonkuch colony pond
5. Rayatpara khal

Pit-composting at Household level

PROJECT UNDER SBM(U)-2.0

MISSION COMPONENTS

1. **Sustainable Solid Waste Management-Objective:** *To make all cities clean and garbage free, with 100% scientific processing of Municipal Solid Waste*
2. **Sustainable Sanitation-** (i) construction of Individual Household Latrines (IHHL), (ii) construction of Community and Public Toilet (CT and PT) seats, and (iii) construction of urinals, along with retrofitting of insanitary toilets.

● 3. Used water management-

Objective: To ensure that no untreated fecal sludge or used water is discharged into the environment, and all used water (including sewerage and septage, grey water and black water) is safely contained, transported and treated, along with maximum reuse of treated used water, in all cities with less than 1 lakh population

ACTION PLAN

- **CITY SOLID WASTE ACTION PLAN (CSWAP)**
- **_CITY SANITATION ACTION PLAN (CSAP):FOR TOILETS**
- **CITY SANITATION ACTION PLAN(CSAP):FOR USED WATER MANAGEMENT**
